Experience

Epiphany Search / Front End Developer

May 2018 - Present

Similar role to previous, but with more responsibility. Built many SPA's, and worked closely with back end devs using Umbraco CMS. Further developed my skill set by learning new technologies, processes and workflows.

Home Agency / Front End Developer

Apr 2011 - May 2018, Leeds

Working closely with designers to produce high quality and responsive web projects, with focus on cross-browser compatibility and semantic markup.

Sainsburys / Customer Service Assistant

Sep 2006 - Aug 2010 Leeds

Education

IT Practitioners (General) / Bachelor of Technology (BTech)

2006 - 2008, Leeds College of Technology

Applied ICT / Advanced GCE

2005 - 2006, Leeds College of Technology

Computing (IT Practitioner) / National Diploma

2004 - 2005, Leeds College of Technology
